NOTES TO FINANCIAL STATEMENTS

December 31, 2009

1. PURPOSE OF THE ORGANIZATION

The Gairdner Foundation [the "Foundation"] provides awards to medical scientists in recognition of outstanding discoveries and contributions to medical science, and as an incentive to those who follow in their footsteps. In addition to encouraging and rewarding individuals, the Foundation presents the Gairdner Awards in order to focus public, professional and scientific attention on significant achievements in the field of health sciences.

The Foundation, which was incorporated under the laws of Ontario, is registered as a charitable organization under the Income Tax Act (Canada) [the "Act"] and, as such, is exempt from income taxes, and is able to issue donation receipts for income tax purposes.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Foundation have been prepared in accordance with Canadian generally accepted accounting principles. The following summary of significant accounting policies is set forth to facilitate the understanding of these financial statements:

Cash and cash equivalents

Cash and cash equivalents consist of cash on deposit and short-term investments with maturities of less than 90 days at the date of purchase. Cash and cash equivalents exclude amounts that are managed for returns rather than being held for liquidity.

Investments and investment income

Publicly traded securities are valued based on the bid price and pooled funds are valued based on reported unit values. Short-term securities are valued based on cost plus accrued income, which approximates fair value. Transactions are recorded on a settlement date basis and transaction costs are expensed as incurred.

Investment income (loss), which consists of interest, dividends, income distributions from pooled funds, and realized and unrealized gains and losses, net of safekeeping and investment management expenses, is recorded as revenue in the statement of operations, except to the extent that they relate to restricted funds, in which case they are added directly to those balances.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

Capital assets

Capital assets are recorded at acquisition cost less accumulated amortization. Contributed capital assets are recorded at fair value at the date of contribution. Amortization is recorded in the accounts at rates intended to write off the cost of the assets over their estimated useful lives.

Rates and methods of amortization are as follows:

| Asset | Rate | Method |
|--------------------|------|---------------------|
| Office equipment | 20% | diminishing balance |
| Computer equipment | 30% | diminishing balance |

Revenue recognition

The Foundation follows the deferral method of accounting for contributions, which include donations and government grants. Unrestricted contributions are recognized as revenue when received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured. Contributions externally restricted for purposes other than endowment are deferred and recognized as revenue in the period in which the related expenses are recognized. Endowment contributions are recognized as direct increases in net assets in the period in which they are received. Sponsorships and related event revenue are recognized when the event takes place.

Foreign currency translation

Transactions denominated in foreign currencies are translated into Canadian dollars at exchange rates prevailing at the transaction date. Monetary assets and liabilities are translated into Canadian dollars at exchange rates in effect at the year end date. Non-monetary assets and liabilities are translated at the historic rate. Exchange gains and losses are included in investment income (loss).

Financial instruments

The Foundation has chosen to apply CICA 3861: *Financial Instruments – Disclosure and Presentation* in place of CICA 3862: *Financial Instruments – Disclosures* and CICA 3863: *Financial Instruments – Presentation*.

NOTES TO FINANCIAL STATEMENTS

December 31, 2009

Contributed goods and services

Because of the difficulty in determining fair value, contributed goods and services are not recognized in the financial statements.

Use of estimates

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

3. INVESTMENTS

This grant is to be invested for the duration of the funding agreement and only the income, which includes interest, dividends and realized capital gains/losses, may be used to support the Foundation's activities until the funding agreement terminates. The Foundation can draw upon the capital to a maximum of \$2 million over the term of the funding agreement, provided it uses best efforts to restore any capital withdrawn.

The funding agreement terminates on March 31, 2028, unless terminated earlier, or renewed, in accordance with the funding agreement. Upon termination, the Foundation may use the unspent balance of the original grant as it deems appropriate.

6. ALBERTA GOVERNMENT FUNDING

The Foundation received \$2 million from the Alberta government in 2008 for the purpose of expanding the Gairdner Outreach Program in Alberta. The funds received from the Alberta government are to be invested during the term of the funding agreement, and only the income may be used to support the Alberta Gairdner Outreach Program. The Foundation can draw upon the capital to a maximum of \$250,000 over the term of the funding agreement, provided it uses best efforts to restore any capital withdrawn.

The grant has an indeterminate term, however the funding agreement is to be reviewed at least every five years. The Alberta government has the right to terminate the agreement without cause, upon giving 90 days notice. Upon termination, the remaining balance of the fund not previously committed for outreach activities must be repaid.

NOTES TO FINANCIAL STATEMENTS

7. FINANCIAL INSTRUMENTS

The Foundation is subject to market risk, foreign currency risk and interest rate price risk with respect to its investment portfolio. To manage these risks, the Foundation has established a target mix of investment types designed to achieve optimal return within reasonable risk tolerances.

8. INTERNALLY RESTRICTED NET ASSETS

Internally restricted net assets are funds set aside by the Board of Directors to invest in order to earn income to help fund future operating expenses. In 2009, the Board approved an interfund transfer from unrestricted to internally restricted net assets of \$3,248,813. The Board of Directors may approve a transfer from internally restricted net assets, if required, to fund unanticipated deficits from fundraising shortfalls or unanticipated expenditures.

9. CAPITAL MANAGEMENT

In managing capital, the Foundation focuses on liquid resources available for operations. The Foundation's objective is to have sufficient liquid resources to continue operating despite adverse financial events and to provide it with the flexibility to take advantage of opportunities that will advance its purposes. The need for sufficient liquid resources is considered in the preparation of an annual budget and in the monitoring of cash flows and actual operating results compared to the budget. As at December 31, 2009, the Foundation has met its objective of having sufficient liquid resources to meet its current obligations.
